AESTHETIC BRACES

Tip-Edge PLUS
blends flawlessly
so only your smile
shows through.

Designed for your comfort

Your braces use an advanced Tip-Edge technology for more gentle tooth movement and precision than ordinary braces can provide. Not only do they look good, they're specially made for maximum comfort while they straighten your teeth.

- Less discomfort than ordinary braces with gentle tooth movement
- Super smooth, rub-resistant surface
- Cheek and lip protection with gently rounded edges
- Maximum comfort and hygiene using extra small "low-profile" design

Why orthodontists choose Tip-Edge PLUS

Your orthodontist chose Tip-Edge PLUS braces for you. That's because in addition to their aesthetic benefits, your braces use a special Tip-Edge technology for more gentle tooth movement and precision than ordinary braces. The result is your braces are strong and durable, offering the ultimate in patient comfort and satisfaction, with fewer appointments.

With Tip-Edge PLUS, you can be sure you're getting the perfect smile you've always wanted.

Gentle. Smart. Aesthetic.

Look great during treatment

Tip-Edge PLUS features a unique *Personalized Color-Matching Technology*[®] that makes braces virtually invisible. Braces go beyond matching, blending flawlessly so only your natural smile shows through.

AESTHETIC BRACES

Your perfect smile is right on schedule

Using the special Tip-Edge technology, your braces give you a straight, beautiful smile in fewer appointments than with regular braces. You may even finish treatment faster. Your braces are made for your safety and total comfort.

No imperfections or breakage points

Enhanced for your comfort with smooth, rub-resistant surface

Protection for your tooth enamel — exclusive polymer base pops off easily during removal

Combined with tooth-colored wire, your braces become virtually invisible.
